

Audita

This section contains six vertical channels, each labeled "Channel 1" through "Channel 6" at the top. Each channel includes a volume knob with a red top, a frequency knob with a white top, a high-pass filter knob with a white top, and a vertical fader with a white slider. Below the faders are two rows of white stereo connectors.

This section contains two large vertical sliders with red handles, positioned side-by-side. To their right is a vertical column of various knobs and switches, including several black knobs, red-topped knobs, and a power switch at the bottom right.
