Boom Operator – Casualty – BBC
Boom Operator – Doctors - BBC
Boom Operator – Shakespeare And Hathaway - BBC

Feature Films:

Boom Operator – Starfish, BFI
Boom Operator – The Drowning Of Arthur Braxton
Boom Operator – Get Gone

Music/Sound Engineer Background:

Before working in film and TV I was a live sound engineer and music producer. I have a BTEC National Diploma at grade Distinction* in Music Technology. I owned and ran a recording studio for 3 years in Derby that was part of a music venue I regularly freelanced at as a live sound engineer. I also worked at music festivals setting up main stage PA systems and mixing monitors for the bands. My time as a sound engineer in the music Industry has given me some very useful and transferable skills when working in sound on films. Dealing with high track counts, organising and setting up music playback and systems that work with Avid protocols and recording live musical performances are all things I'm confident in. Ultimately I would love the opportunity to work on a musical Film or TV Series.

Awards:

WINNER RTS (Royal Television Society) Midlands Student Television Awards 2016 (Craft Skills: Sound)
Anoesis

NOMINATION BIFA 2023 – Best Sound - Scrapper

Equipment:

I have an array of sound equipment, As well as a Van. A kit list available on request - all equipment is regularly maintained and tested
