PROFILE

I am an audio post-production professional with a wealth of experience mixing, editing and sound designing for film, TV, streaming networks and video games. I have over a decade of broadcast credits, have contributed to award winning content and have an excellent knowledge of the varying audio requirements for the plethora of delivery methods. I have the added benefit of experience both as managerial staff for broadcasters, hitting playout deadlines and also as a freelance mixer working with production companies/audio-post facilities delivering to those broadcasters.

I have my own AVID Pro Tools and AVID S6 based Dolby Atmos ready room where I have delivered some notable complete TV series, special documentaries and films for UK and international delivery.

I am also a very proficient composer of music which I think has paid dividends whilst sound designing, music editing, music arranging and final mixing.

I am extremely motivated, enthusiastic, approachable, adaptable and easily settle in both as part of a team or working solo.

A decade of broadcast credits

EDUCATION

BSc. Music 2:1

CITY UNIVERSITY, London
GUILDHALL SCHOOL of MUSIC and
DRAMA, London

A Levels: Maths, Physics, Music

THE JOHN LYON SCHOOL, Harrow
Music Scholar

INTERESTS

I am a keen cellist and bass player with an interest in classical, jazz and electronica. I am a member of the MU.

As a composer and a member of PRS, I have written music for a number of production libraries and enjoy writing purely for pleasure.

I also love playing football, squash, table tennis, reading crime novels and do a bit of yoga.

A decade of broadcast credits

WAYNE URQUHART

RE-RECORDING MIXER & SOUND DESIGNER

EXPERIENCE

FREELANCE DUBBING MIXER/ 2016 – present
VARIOUS PRODUCTION COMPANIES & BROADCASTERS

In the past few years I have freelanced with production companies, audio post facilities and major broadcasters mixing various long and short-form. This has been through a mixture of in-house, in-person with directors/SP's and remote working from a purpose self-built Dolby Atmos room at home. In that time I have enjoyed working on some powerful films, TV documentaries, dramas, comedy series and promos which have required the most imaginative sound design and sensitive mixing to hit the message home.

- Worked on a wide selection of broadcast and highly rated shows
- Experienced at mixing & sound design on award winning promos
- Developed a wide UK and international client base

HEAD of AUDIO / 2011 – 2016
AUDIO ENGINEER / 2010 – 2011
A+E NETWORKS UK

I started here as an audio engineer working on content for what are now known as Sky History, Crime + Investigation and Blaze. Duties were:

- Creating the highest quality mixes for channel promos
- Recording voice-overs for promos and entertainment shows
- Sound design for promos and web content. Many promos that I sound designed and mixed went on to win PROMAX awards.

I was then quickly promoted to Head of Audio, supervising a small team of 3 audio engineers. In this role, I:

- developed a pool of engineers to as a team meet company targets
- met a sudden 20% increase in demand on the audio department with the quick development of a 3rd audio suite, re-purposing an in-house edit suite.
- played a key role in the development and improvement of in-house operations workflows and provided key support for other

SKILLS

- Pro Tools Ultimate (HDX and HD Native)
- AVID S6, S3, ICON D-Command control surfaces
- Logic Pro, Reaper and Nuendo
- iZotope Rx11, Waves, Audio Ease and Nugen Audio plug-ins
- Broadcast compliant mixes: stereo - 5.1/7.1 - Dolby Atmos
- VO recording, ADR mixing, Source Connect Pro
- AVID Satellite link and Cloud collaboration experience
- Music scoring and editing to picture
- Technically minded - fault finding/diagnosis
- Supervising/lead skills, highly organised
- Competent and consistent delivery to client spec
- Attention to detail whilst having creative sound design flair
